Please amend claims 4-6 to read as follows.

Subt  
B1  
4. (Amended) A pharmaceutical composition suitable for administration to a mammal comprising the compound of any one of claim 1, 2, or 3, or a pharmaceutically acceptable derivative or salt thereof, admixed with a pharmaceutically acceptable excipient or diluent.

A2  
5. (Amended) A method of making a pharmaceutical composition for the treatment of a tumor, said method comprising admixing the compound of any one of claim 1, 2, or 3 with a pharmaceutically acceptable excipient or diluent.

6. (Amended) A method for treating a tumor in a mammal by administering the composition of claim 4.
